WINNER

8th National Tourism Awards 2008

Antrak Air welcomes you and invites you to join in its 5th anniversary celebrations.

Our 5 year existence has been challenging and stressful. With the Almighty on our side coupled with the support from our valued and cherished customers, we have been able to reach this far.

Our achievement is also attributable to the efforts of our devoted customer, our focused staff and the able management team under the leadership of our enterprising executive chairman, Alhaji Asoma Banda.

The 5 year period has seen a transformation of our airline to an appreciable height. From very few scheduled flights with one leased aircraft in operation, we now have many scheduled flights from Accra to Kumasi, Tamale operated by two Antrak Air - owned aircraft. Apart from obtaining the rights to operate to the major cities in the West African sub-region, we are designated to operate international flights to Lebanon, UAE, South Africa, Germany and the United Kingdom (London, Dusseldorf and Hamburg).

The climax of our 5th anniversary will be a raffle draw to coincide with the launch of our European flights. Prizes include a vehicle, air tickets to Europe and other attractive consolation prize items.

We thank you all and welcome everybody to celebrate this memorable event with us.
